In the event that you do not have one or more of the above listed family members you can pick from any of the listed family members to complete the 6 covered. The additional member should be age appropriate for example if one loses a child, they cannot replace with a grandparent rather they can pick a niece or any of their children. If you have a shared scenario, you can agree with whoever you share the scenario with to pick different family members otherwise each case will be treated as an individual case meaning you will all receive one \$5,000 deposit to share. Added members at the beginning of the fiscal year will only be considered for coverage after 120 days. New members joining the welfare can only benefit from the welfare after 90 days during this time they continue to make payments to current cases.
